Superheroes to the Rescue! (2 weeks)

Welcome back to school for our final half term. This year has gone so quickly and the teachers are so proud of the children and all their hard work so far. We kick off this half term learning about Supertato and the super veggies. Children are going to be writing sentences about Supertato and his adventures as well as learning and retelling the story. Children will also dress up as superheroes and have a go at telling their own superhero stories. There will be plenty of opportunities to get crafty as children will be making their own masks, superhero capes, and mini supertatos! In maths, children will be learning how to measure weight using balance scales. We are also looking forward to our superhero dress up day. Both classes will be working hard rehearsing and preparing to deliver our reception class liturgy. The children will also be practising their sports skills ready for sports day on the field. They will be taking part in running races, a shuttle relay, and a carousel of exciting physical activities.

Down on the Farm (3 weeks)

Our Down on the Farm topic kicks off with a visit to the Dorset Heavy Horse Farm. Children will learn about animals that live on the farm and have a go at feeding them. We will also learn about healthy eating and the kitchen garden. Children will learn about life on the farm now compared to a long time ago. In maths, children will learn how to count and compare numbers up to 20. They will also learn about capacity and volume, determining whether a container is full, half-full, or empty. Finally children will learn about time through exploring simple events that take place throughout the day as an exploration of morning, afternoon, and night.

Moving On Up! (2 weeks)

As we creep closer to the end of the year the children will have the opportunity to spend time in their new classes with their Year 1 teacher. They will take part in fun team building activities and begin their important transition journey into Key Stage 1.

Our Key Books for
this Topic:

Please Remember:

- ⇒ To arrive in class by 8:40 ready for the register.
- ⇒ ONLY water in bottles- NO squash/juice.
- ⇒ Bring a lightweight waterproof coat depending on forecast.
- ⇒ Apply sun cream BEFORE school.

Home learning task:
Due Friday 10th July

Design, make, or draw a healthy lunchbox.

You can use the attached lunchbox template or be creative and come up with your own representation.

Children should label your lunchbox by writing the names of the food inside.

Home Reading
Please read your
phonics book 5
times a week.

My Healthy Lunchbox

Can you put a healthy lunch in your lunchbox?
