19. Glossary.....	14

Dear Parents and Carers,

1. What types of SEN does the school provide for?

Our school provides for pupils with the following needs:

AREA OF NEED	CONDITION
Communication and interaction	Autism
	Speech and language difficulties
Cognition and learning	Specific learning difficulties, including dyslexia, dyspraxia, dyscalculia
	Moderate learning difficulties
	Severe learning difficulties
Social, emotional and mental health	Attention deficit hyperactivity disorder (ADHD)
	Attention deficit disorder (ADD)
	Oppositional Defiant Disorder (ODD)
Sensory and/or physical	Hearing impairments
	Visual impairment
	Multi-sensory impairment
	Physical impairment

1. Which staff will support my child, and what training have they had?

Our special educational needs co-ordinator, or SENDCO

Our SENDCO is Miss Taylor.

Miss Taylor is our SENCO, and brings a wealth of experience of working as a Class Teacher for 17 years, including time as a Middle Leader for different year groups and key stages. Miss Taylor also comes with previous experience of working with multi agencies, including Child Protection training and Restorative Justice work.

Miss Taylor has been allocated 3 days a week to manage SEN provision.

Class Teachers

All of our teachers receive in-house SEN training, and are supported by the SENCO to meet the needs of pupils who have SEN.

More specifically, the adults who work with our children with greater needs have received additional training in PEIC-D, Rainbow Bereavement, Attention Autism, Trauma Informed and Sensory Circuits.

Teaching Assistants (TAs)

We have a team of 13 TAs working with our pupils with SEN, including 1 higher-level teaching assistant (HLTA) who is trained to deliver SEN provision.

We have 1 teaching assistant who is trained to deliver interventions for Speech and Language Provision.

External agencies and experts

Sometimes we need extra help to offer our pupils the support they need. Whenever necessary we will work with external support services to meet the needs of our pupils with SEN and to support their families. These include:

- Speech and language therapists
- Educational psychologists
- Occupational therapists
- GPs or paediatricians
- Child and adolescent mental health services (CAMHS)
- Education welfare officers
- Social services and other local authority (LA)-provided support services
- Voluntary sector organisations

2. What should I do if I think my child has SEN?

At St Joseph's Catholic Primary School we follow the Plymouth CAST SEND Pathway. This follows a graduated approach to SEND.

Identification of Special Educational Needs - Pathway

If you think your child might have SEN, the first person you should tell is your child's teacher.

You can email your teacher via the school office, contact them via "Class Dojo" or arrange to speak directly with them after school.

They will pass the message on to our SENCO, Miss Taylor, who will be in touch to discuss your concerns.

You can also contact the SENCO by emailing the school office or through "Class Dojo".

We will meet with you to discuss your concerns and try to get a better understanding of what your child's strengths and difficulties are. Together we will decide what outcomes to seek for your child and agree on next steps.

We will make a note of what's been discussed and add this to your child's record. You will also be given a copy of this.

If we decide that your child needs SEN support, we will formally notify you in writing and your child will be added to the school's SEND register.

3. How will the school know if my child needs SEN support?

All our class teachers are aware of SEN and are on the lookout for any pupils who aren't making the expected level of progress in their schoolwork or socially. This might include reading, writing, number work, social and emotional needs or processing delay.

If the teacher notices that a pupil is falling behind, they try to find out if the pupil has any gaps in their learning. If they can find a gap, they will support the pupil to fill it. This may be by slightly adapting the way things are being taught, providing some additional short term support, additional teaching or working with you to support your child with some additional practice at home. Pupils who don't have SEN usually make progress quickly once the gap in their learning has been filled.

If the pupil is still struggling to make the expected progress, the teacher will talk to the SENCO, and will contact you to discuss the possibility that your child has some special educational needs.

The SENCO will observe the pupil in the classroom and in the playground to see what their strengths and difficulties are. They will have discussions with your child's teacher/s, to see if there have been any issues with, or changes in, their progress, attainment or behaviour. They will also compare your child's progress and development with their peers and available national data.

The SENCO will ask for your opinion and speak to your child to get their input as well. They may also, where appropriate, ask for the opinion of external experts such as a speech and language therapist, an educational psychologist, or a paediatrician.

Based on all of this information, the SENCO will decide whether your child needs SEN support. You will be told the outcome of the decision in writing.

If your child does need SEN support, their name will be added to the school's SEND register, and the SENCO will work with you to create a SEN support plan for them.

4. How will the school measure my child's progress?

We will follow the 'graduated approach' to meeting your child's SEN needs. The graduated approach is a 4-part cycle of **assess, plan, do, review**.

Assess	Plan	Do	Review
If your child is not making the expected level of progress, we will make an assessment to find out what strengths and difficulties your child has. We will ask for input from...	In discussion with you and your child, we will decide what outcomes we are hoping to achieve and we will agree the provision and adaptations needed to support the child. This is recorded through the school's SEN support planning processes, with clear measurable targets for each identified area of support.	We will put our plan into practice. The class teacher remains responsible for the child's learning and monitors how effectively the planned strategies and interventions are supporting progress and access to learning.	We will assess how well the support we put in place helped the child to meet the outcomes we set. We will use our improved understanding of your child, as well as getting help from external professionals where necessary. We will evaluate what has worked, what has not and whether the outcomes have been achieved. Provision is then adapted, continued or increased as appropriate, ensuring that the graduated response remains responsive to the child's changing needs.

As a part of the planning stage of the graduated approach, we will set outcomes that we want to see your child achieve. We will identify the small steps needed to make the changes and plan accordingly to meet these needs.

Whenever we run an intervention with your child, we will assess them before the intervention begins. This is known as a 'baseline assessment'. We do this so we can see how much impact the intervention has on your child's progress.

We will track your child's progress towards the outcomes we set over time and improve our offer as we learn what your child responds to best.

This process will be continual. If the review shows a pupil has made progress, they may no longer need the additional provision made through SEN support. For others, the cycle will continue and the school's targets, strategies and provisions will be revisited and refined.

5. How will I be involved in decisions made about my child's education?

We will provide an annual written report and 2 Parent Evening's over the course of the year. Your child's class/form teacher will meet you a minimum of twice per year, to:

- Set clear outcomes for your child's progress
- Review progress towards those outcomes
- Discuss the support we will put in place to help your child make that progress
- Identify what we will do, what we will ask you to do, and what we will ask your child to do.

The SENCO may also attend these meetings to provide extra support.

We know that you're the expert when it comes to your child's needs and aspirations. So we want to make sure you have a full understanding of how we're trying to meet your child's needs, so that you can provide insight into what you think would work best for your child.

We also want to hear from you as much as possible so that we can build a better picture of how the SEN support we are providing is impacting your child outside of school.

If your child's needs or aspirations change at any time, please let us know right away so we can keep our provision as relevant as possible.

After any discussion we will make a record of any outcomes, actions and support that have been agreed. This record will be shared with all relevant staff.

If you have concerns that arise between these meetings, please contact your child's class teacher, either in person or by email or Class Dojo. If a meeting is not possible then they will update on progress over the phone.

6. How will my child be involved in decisions made about their education?

The level of involvement will depend on your child's age and level of competence. We recognise that no 2 children are the same, so we will decide on a case-by-case basis, with your input.

We may seek your child's views by asking them to:

- Attend meetings to discuss their progress and outcomes
- Prepare a written statement, video, drawing, etc.
- Discuss their views with a member of staff who can act as a representative during the meeting
- Complete a survey

7. How will the school adapt its teaching for my child?

Here is a link to the accessibility plan - <https://www.sjcpschool.co.uk/goto/679236?slug=policies>

At St Joseph's we tailor the provision to suit the individual needs of each child with SEN. We follow the Assess, Plan, Do Review process and adapt our practise based on the outcomes from the teaching on each given day. We have a Speech and Language base which has been carefully considered to not only inspire and promote communication, but to also ensure calm emotional regulation and an inspiring curriculum. Additionally, all staff meet and discuss children regularly to ensure needs are being met and ideas can be shared.

Your child's teacher is responsible and accountable for the progress and development of all the pupils in their class.

High-quality teaching is our first step in responding to your child's needs. We will make sure that your child has access to a broad and balanced curriculum in every year they are at our school.

We will adapt how we teach to suit the way the pupil works best. There is no '1 size fits all' approach to adapting the curriculum, we work on a case-by-case basis to make sure the adaptations we make are meaningful to your child.

These adaptations include:

- Adapting our curriculum to make sure all pupils are able to access it, for example, by grouping, 1-to-1 work, adapting the teaching style or content of the lesson, etc.
 - Adapting our teaching, for example, giving longer processing times, pre-teaching of key vocabulary, reading instructions aloud, regular check-ins etc.
 - Adapting our resources and staffing
-

- Using recommended aids, such as laptops, coloured overlays, visual timetables, larger font, etc.
- Teaching assistants will support pupils on a 1-to-1 basis where this has been identified
- Teaching assistants will support pupils in small groups when there are groups of pupils requiring similar support.

We may also provide the following interventions:

AREA OF NEED	CONDITION	HOW WE SUPPORT THESE PUPILS
Communication and interaction	Autism	Visual timetables Social stories Picture exchange Attention Autism Personalised learning zones Adapted curriculum Personalised timetables
	Speech and language difficulties	Speech and language therapy
Cognition and learning	Specific learning difficulties, including dyslexia, dyspraxia and dyscalculia	Writing slope Adapted curriculum
	Moderate learning difficulties	Additional printable resources
	Severe learning difficulties	
	ADHD, ADD	Quiet workstation Personalised learning zones Adapted curriculum Personalised timetables
Social, emotional and mental health	Adverse childhood experiences and/or mental health issues	Nurture groups
	Oppositional Defiant Disorder (ODD)	Visual timetables Social stories

Sensory and/or physical	Hearing impairment	An identified care plan
	Visual impairment	
	Multi-sensory impairment	
	Physical impairment	

These interventions are part of our contribution to Bournemouth, Christchurch and Poole's local offer.

8. How will the school evaluate whether the support in place is helping my child?

We will evaluate the effectiveness of provision for your child by:

- Reviewing their progress towards their goals each term
- Reviewing the impact of interventions
- Using pupil questionnaires
- Monitoring by the SENCO
- Using provision maps to measure progress
- Holding an annual review (if they have an education, health and care (EHC) plan)

8. How will the school resources be secured for my child?

It may be that your child's needs mean we need to secure:

- Extra equipment or facilities
- More teaching assistant hours
- Further training for our staff
- External specialist expertise

If that's the case, we will consult with external agencies to get recommendations on what will best help your child access their learning.

The school will cover up to £6,000 of any necessary costs. If funding is needed beyond this, we will seek it from our local authority. This will usually require applying to an Educational Health and Care Plan. This plan may include recommendations about the way in which any additional funding should be used. If the school needs to recruit additional staff, they will follow the Plymouth Cast recruitment policy. Approval for all posts must be sought from the Trust before the school can begin the recruitment process.

9. How will the school make sure my child is included in activities alongside pupils who don't have SEN?

All of our extra-curricular activities and school visits are available to all our pupils, including our before and afterschool clubs.

Some SEN-specific school trips have been chosen to specifically accommodate some of our pupils with SEN, and we

also hold a Sports Day that is specifically designed for some of our pupils with SEN.

No pupil is ever excluded from taking part in these activities because of their SEN or disability and we will make whatever reasonable adjustments are needed to make sure they can be included.

10. How does the school make sure the admissions process is fair for pupils with SEN or a disability?

Our school is committed to being inclusive and ensuring that all children, including those with Special Educational Needs (SEN) or a disability, have fair and equal access to education.

Our school does not discriminate against or disadvantage children with SEN or disabilities when applying for a place. We follow the school's Admissions Policy, and welcome visits from prospective families and are happy to discuss any additional needs during the admissions process so we can plan appropriate support from the outset.

In line with the law, any child whose Education, Health and Care (EHC) plan names our school will be offered a place. These placements are agreed in consultation with the local authority and the school, and are made before any other places are allocated.

If the school is oversubscribed, we apply the local authority's published oversubscription criteria. These criteria are designed to be fair and inclusive and do not disadvantage pupils with SEN or disabilities.

In all cases, we work closely with families and professionals to ensure that we understand each child's needs and can make reasonable adjustments where necessary.

11. How does the school support pupils with disabilities?

Our school is committed to promoting equality of opportunity and ensuring that no pupil is treated less favourably because of a disability. We work hard to create a fully inclusive environment where every child is supported to thrive and achieve. This includes:

- Making reasonable adjustments to policies, procedures, and classroom practices
- Providing additional support or adaptations where needed
- Staff training to raise awareness of disability and promote inclusive teaching and learning
- Promoting positive attitudes and celebrating diversity throughout the curriculum

We aim to ensure that all areas of the school are accessible. We currently provide:

- Step-free access to key areas of the school (e.g. entrances, hall, classrooms)
 - An accessible toilet
 - Support from teaching assistants and SEN staff as needed
 - The use of auxiliary aids and services, such as visual timetables, sensory tools, adapted equipment, and ICT support
 - Quiet spaces or calm areas for pupils who need a low-stimulation environment
 - A stair lift to access our music room on the higher level of our building
-

We work closely with external agencies such as occupational therapy, physiotherapy, and visual or hearing support services to ensure that each child's individual needs are met.

12. How will the school support my child's mental health, and emotional and social development?

All Schools within the Trust are Trauma Informed Schools and all adults have had training to help them recognise signs that children may be having difficulty socially, emotionally or mentally. Adults are trained in ways to support children and all children have trusted adults that they can reach out to at times of difficulty. St Joseph's is a Trauma Informed School.

We provide support for pupils to progress in their emotional and social development in the following ways:

- Pupils with SEN are encouraged to be part of the school council
- We survey all pupils at least once a year to seek their views about how well they are settled in school and how well they are connected to the adults and their peers. This is called our School Bonding Questionnaire
- We run a nurture club for pupils who need extra support with social or emotional development

13. What support will be available for my child as they transition between classes or settings, or in preparing for adulthood?

Between years

To help pupils with SEN be prepared for a new school year we:

- Ask both the current teacher and the next year's teacher to attend a final meeting of the year when the pupil's SEN is discussed
- Schedule transition meetings with the incoming teacher towards the end of the summer term

Between schools

When your child is moving on from our school, we will ask you and your child what information you want us to share with the new setting. Once your child has moved and is on roll for the new school, paperwork will be shared and sent electronically.

Between phases

The SENCO of the secondary school will come into our school for a meeting with our SENCO. They will discuss the needs of all the children who are receiving SEN support. All paperwork and plans will be transferred to the next allocated school to ensure continuity of care, and familiarity for the child. Pupils will be prepared for the transition by:

- Practising with a secondary school timetable
 - Learning how to get organised independently
 - Plugging any gaps in knowledge
 - Given opportunities to view the school and attend additional sessions prior to starting
-

Between phases (for secondary schools)

The SENCO of the primary school meets with our SENCO to discuss the needs of the incoming pupils near the end of the summer term. We arrange meetings with the parents/carers of incoming pupils to discuss how we can best welcome their child into our community.

We set up new pupils with a buddy from the year above to help them get settled in and make friends.

14. What support is in place for looked-after and previously looked-after children with SEN?

Mr Gardner is the designated teacher for Looked After Children. Mr Gardner and Mr McQuaid, alongside Miss Taylor, our SENCO, will work together to ensure that all teachers understand how a looked-after or previously looked-after pupil's circumstances and their SEN might interact, and what the implications are for teaching and learning.

Children who are looked-after or previously looked-after will be supported much in the same way as any other child who has SEN. However, looked-after pupils will also have a personal education plan (PEP). We will make sure that the PEP and any SEN support plans or EHC plans are consistent and complement one another.

15. What should I do if I have a concern about my child's SEN support?

If you have concerns about the progress your child is making or the support they are receiving you should speak to the class teacher in the first instance. They may suggest that you have a meeting with the SENDCo to discuss your concerns and work together to agree how to address these. If you are still concerned you should follow the school complaints procedure. You can find a copy of that here <https://www.sjcpschool.co.uk/goto/257649?slug=policies>

16. What support is available for me and my family?

If you have questions about SEN, or are struggling to cope, please get in touch to let us know. We want to support you, your child and your family.

To see what support is available to you locally, have a look at the BCP Website:

<https://www.fid.bcpccouncil.gov.uk/send-local-offer/information/services-providing-support-information-and-advice-for-send>

Our local special educational needs and disabilities information, advice and support (SENDIAS) services are:

<https://sendiass4bcp.org>

Local charities that offer information and support to families of children with SEN are:

<https://sendiass4bcp.org/support/useful-links>

National charities that offer information and support to families of children with SEN are:

- [IPSEA](#)
- [SEND family support](#)
- [NSPCC](#)
- [Family Action](#)
- [Special Needs Jungle](#)

17. Glossary

- **Access arrangements** – special arrangements to allow pupils with SEN to access assessments or exams
- **Annual review** – an annual meeting to review the provision in a pupil's EHC plan
- **Area of need** – the 4 areas of need describe different types of needs a pupil with SEN can have. The 4 areas are communication and interaction; cognition and learning; physical and/or sensory; and social, emotional and mental health needs
- **CAMHS** – child and adolescent mental health services
- **Differentiation** – When teachers adapt how they teach in response to a pupil's needs
- **EHCP needs assessment** – the needs assessment is the first step on the way to securing an EHC plan. The local authority will do an assessment to decide whether a child needs an EHC plan
- **EHC plan** – an education, health and care (EHC) plan is a legally-binding document that sets out a child's needs and the provision that will be put in place to meet their needs
- **First-tier tribunal / SEND tribunal** – a court where you can appeal against the local authority's decisions about EHC needs assessments or plans and against discrimination by a school or local authority due to SEN
- **Graduated approach** – an approach to providing SEN support in which the school provides support in successive cycles of assessing the pupil's needs, planning the provision, implementing the plan, and reviewing the impact of the action on the pupil
- **Intervention** – a short-term, targeted approach to teaching a pupil with a specific outcome in mind
- **Local offer** – information provided by the local authority that explains what services and support are on offer for pupils with SEN in the local area
- **Outcome** – target for improvement for pupils with SEN. These targets don't necessarily have to be related to academic attainment
- **Reasonable adjustments** – changes that the school must make to remove or reduce any disadvantages caused by a child's disability
- **SENCO** – the special educational needs co-ordinator
- **SEN** – special educational needs
- **SEND** – special educational needs and disabilities
- **SEND Code of Practice** – the statutory guidance that schools must follow to support children with SEND
- **SEN information report** – a report that schools must publish on their website, that explains how the school supports pupils with SEN
- **SEN support** – special educational provision that meets the needs of pupils with SEN
- **Transition** – when a pupil moves between years, phases, schools or institutions or life stages
